RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In a September 10, 2004 Office Action, the Examiner required restriction to one of the following groups:

I. Claims 1-7 drawn to a method for starting up a reactor, classified in Class 422, subclass 109.

II. Claim 8, drawn to a method for making methacrylic acid or methacrolein, classified in class 562, subclass 518.

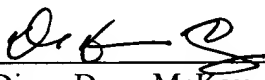

III. Claims 9-14, drawn to reactor systems, classified in class 422, subclass 201.

Applicants hereby elect with traverse Group II, claim 8, drawn to a method for making methacrylic acid or methacrolein, classified in class 562, subclass 518, for prosecution in this application. Applicants submit that a search of Group II would uncover the method or systems of Groups I and III. Applicants respectfully request the right to file a divisional application directed to the nonelected claims.

A prompt action on the merits is earnestly solicited. The Examiner is invited to telephone the undersigned should he believe this would expedite prosecution of this application. It is believed no fee is required. The Commissioner is authorized to charge any deficiency or credit any overpayment to Deposit Account No. 13-2165.

Respectfully submitted,

Dated: November 10, 2004
